

A Beautiful Day on the Golf Course!  
 Congratulations Winners!

Kansas Chapter ACI  
 9th Annual Student Scholarship Fund Raiser  
 Golf Tournament  
 May 5, 2016

This Golf Tournament raises money to help support the **Student Scholarship Fund** and other Student Activities. This year we had two of the three College Student Scholarship recipients attending the golf tournament, Lelan Olsen & Kirk Stewart.

**Congratulations 2016 Scholarship Recipients:**

**Lelan Olsen**  
 Pittsburg State University  
 Construction Management Program

**Kirk Stewart**  
 Kansas State University  
 Civil Engineering Program

**Jennifer Warren**  
 University of Kansas  
 Engineering Program

**Congratulations Golf Contest Winners:**

- Flight A, Team 12B - Monte Freeman, Jim Bray
- Flight B, Team 6A - Andrew Douglas, Dave Fast, Jeff Frenya
- Closest to the Pin, #4 - Monte Freeman
- Longest Putt, #9 - Scott Heavin
- Longest Drive, #18 - Wes Kleinsorge
- Skins winners with Double-Eagle on Hole #12 - Alan Bandyk, Jason Cole, Mike Cole, Doug Dreiling

KS Chapter ACI Golf Tournament, May 5, 2016, Dub's Dread Golf Course, Basehor, KS

**Fellow**

**Joe Hug, The Monarch Cement Company, Humboldt, KS**

*Summary from Concrete International March 2016 Issue:*

"Joe Hug is the Technical Services Manager for The Monarch Cement Company in Humboldt, KS, where he has served for 21 years. He is a member of ACI's Chapter Activities Committee; Certification Programs Committee; Educational Activities Committee; International Project Awards Committee; and ACI Committees C610, Field Technician Certification, and C630, Construction Inspector Certification; and ACI Subcommittee C601-B, Concrete Quality Technical Manager. Hug is a Past President of the Kansas Chapter – ACI and serves as Secretary/Treasurer for the Chapter and Chair of the Kansas Certification Committee. He received the ACI Chapter Activities Award in 2007. He is also a member of ASTM International. Hug received his BSME from Kansas State University, Manhattan, KS, in 1994 and he is a licensed professional engineer in Kansas, Arkansas, and Missouri."

Hug has been an integral part of the Kansas ACI Chapter.

**Fellow**

**John Kevern, University of Missouri, Kansas City**

John Kevern, Associate Professor and long time concrete friend was also honored with the rank of Fellow. UMKC sits on the state line of Kansas and Missouri. Kevern's concrete work is well known in our market, and he has been keenly involved in the ACI Student Activities and competitions.

*Summary from the Concrete International March 2016 Issue:*

"John T. Kevern is an Associate Professor of civil engineering at the University of Missouri–Kansas City (UMKC), Kansas City, MO, where he has served for 7 years. He is a past recipient of ACI's P.K. Mehta Scholarship for Sustainable Concrete Development in 2005; the Walter P. Moore, Jr. Faculty Achievement Award in 2012; and the Young Member Award for Professional Achievement in 2013.

Kevern is Faculty Advisor for the UMKC ACI student chapter that won the inaugural workability competition in 2013 and has been awarded Excellent University Award status each year since its inception in 2011. He is a member of ACI Committees 130, Sustainability of Concrete; and 522, Pervious Concrete. Kevern's research interests include improving the use and performance of pervious concrete, increasing the use of industrial by-products in concrete, and reducing joint-related distresses. He received his BS in civil engineering from the University of Wisconsin–Platteville, Platteville, WI, in 2004; and his MS and PhD in civil engineering from Iowa State University, Ames, IA, in 2006 and 2008, respectively. He is a member of the American Society of Civil Engineers (ASCE) and ASTM International."

**2016 ACI Special Awards Dave Darwin & Joe Hug**

## ACI Concrete Convention

April 17, 2016

Milwaukee, WI

At the Opening Session at the ACI Concrete Convention & Exposition in Milwaukee, WI, ACI recognized a group of members for outstanding achievement and service to the Institute.

Five individuals were granted Honorary Membership, ACI's highest honor given to "persons of eminence in the field of the Institute's interest or one who has performed extraordinary meritorious service to the Institute." Since this rank was established in 1926, only 239 members have received this honor.

### Honorary Membership

**David Darwin, Kansas University, Lawrence, KS**

*Summary from Concrete International April 2016 Issue:*

"for his outstanding leadership as ACI President, for his multiple contributions in research including reinforcement anchorage and development length equations for the ACI Building Code, and his mentorship of numerous students and young professionals in the concrete industry" David Darwin is the Deane E. Ackers Distinguished Professor and Chair of the Department of Civil, Environmental, and Architectural Engineering at the University of Kansas, Lawrence, KS, where he has been a faculty member since 1974. He served as an Officer in the U.S. Army Corps of Engineers from 1967 to 1972. ACI President in 2007-2008, Darwin is a member and Past Chair of ACI Committee 224, Cracking; and Joint ACI-ASCE Committee 408, Bond and Development of Steel Reinforcement; and a member of many other technical and Board committees, including ACI Committee 222, Corrosion of Metals in Concrete; Joint ACI-ASCE Committees 445, Shear and Torsion; and 446, Fracture Mechanics of Concrete; and ACI Subcommittee 318-B, Anchorage and Reinforcement. He is a past member of the ACI Board of Direction and Executive Committee; the Financial Advisory and Technical Activities Committees; and Joint ACI-ASCE Committee 447, Finite Element Analysis of Reinforced Concrete Structures. He is a Past Chair of the Concrete Research Council and the ACI Publications and TAC Technology Transfer Committees. His research interests include concrete durability, with emphasis on corrosion protection and crack control, and on bond and anchorage of steel reinforcement to concrete. Elected Fellow in 1981, his other ACI awards include the Delmar L. Bloem Distinguished Service Award, 1986; the Arthur R. Anderson Award, 1992; the ACI Structural Research Award, 1996; the Joe Kelly Award, 2005; the ACI Certification Award, 2010; and the ACI Foundation – Concrete Research Council Arthur J. Boase Award, 2013. Darwin is a member of the Precast/Prestressed Concrete Institute (PCI) and ASTM International, a Distinguished Member of the American Society of Civil Engineers (ASCE), and a Fellow of the Structural Engineering Institute (SEI) of ASCE. He received his BS and MS in civil engineering from Cornell University, Ithaca, NY, in 1967 and 1968, respectively, and his PhD in civil engineering from the University of Illinois at Urbana-Champaign, Champaign, IL, in 1974.

Also among the personal awards presented was the Certification Award. The ACI Certification Award was established in 2004 to recognize individuals and organizations who have made notable contributions to the advancement of ACI Certification. Notable contributions may be but are not limited to: involvement in the general areas of developing, maintaining, delivering, promoting, specifying, or enforcing requirements for ACI Certification programs.

### ACI Certification Award

**Joe Hug, The Monarch Cement Company, Humboldt, KS**

Summary from Concrete International April 2016 Issue:

“for outstanding service in developing, supporting, administering, and promoting ACI Certification Programs” Joe Hug is the Technical Services Manager for The Monarch Cement Company in Humboldt, KS, where he has served for 21 years. He is a member of ACI’s Chapter Activities Committee; Certification Programs Committee; Educational Activities Committee; International Project Awards Committee; ACI Committees C610, Field Technician Certification, and C630, Construction Inspector Certification; and ACI Subcommittee C601-B, Concrete Quality Technical Manager. Hug is a Past President of the Kansas Chapter – ACI and serves as Secretary/Treasurer for the Chapter and Chair of the Kansas Certification Committee. He received the ACI Chapter Activities Award in 2007. He is also a member of ASTM International. Hug received his BSME from Kansas State University, Manhattan, KS, in 1994 and he is a licensed professional engineer in Kansas, Arkansas, and Missouri.

Congratulations to all the Award Winners!

**Regional Student Activity**

The Kansas & Missouri area colleges and universities meet in a regional competition to ready themselves for the National ACI FRP Concrete Bowling Ball competition on the UMKC campus in Kansas City. March 5, 2016.

Professors John Kevern, UMKC, Randy Timi, Pittsburg State and Student Activity Chairman, Larry Taber, Black & Veatch, would like to thank the students who came out and had a little fun bowling, crushing concrete and eating pizza!

Congratulations to the following teams:

1st place – UMKC Team 2

2nd place – UMKC Team 1

3rd place – PSU

---

## Congratulations Pittsburg State Student ACI Chapter

Awarded "Outstanding University" in recognition for participation in ACI related activities!

Pittsburg State University is one of just 15 universities nationwide named a 2016 Outstanding University by the American Concrete Institute. The award recognizes the PSU School of Construction's active involvement with ACI, including its participation in various student-related ACI activities.

Representatives from PSU's School of Construction formally accepted the award at ACI's Spring 2016 Concrete Convention and Exposition Opening Session and Awards Program in Milwaukee on April 17.

"We are proud to receive this award from ACI," said Assistant Professor Seth O'Brien. "To be recognized by an esteemed organization such as ACI is a tremendous honor for the School of Construction, College of Technology and for the university."

More than 20 students in PSU's School of Construction are ACI members. The SOC was also recognized for its attendance at the 2015 ACI Spring Convention and at various chapter meetings, and for its participation in various non-ACI, concrete-related events.

Go Gorillas!

---

## 2016 Certification Schedule

Our Chapter in conjunction with the Kansas Ready Mixed Concrete Association conduct ACI Certification opportunities during the year.

[Click Here](#) for the 2016 Schedule.

Exams are available in:

- Wichita
- Kansas City
- Topeka

Certifications offered:

- Concrete Field Testing Technician - Grade 1
- Concrete Flatwork Finisher/Technician
- Other exams are available upon special request and scheduled on a "as needed" basis. Please call for additional information.

To register for KS ACI Certifications contact:

TechPro Services, LLC  
Bonnie Bender  
(913) 634-1163  
[bbender.techpro@gmail.com](mailto:bbender.techpro@gmail.com)

Pittsburg State University also offers certification exams and training. Please check their [website](#) to registrations and information.

## ACI Names new Fellows, Joe Hug & John Kevern

### ACI Concrete Convention

April 17, 2016

Milwaukee, WI

ACI recognized 30 members who have been honored with the rank of Fellow of the American Concrete Institute (FACI) at the Opening Session of the ACI Concrete Convention and Exposition in Milwaukee, WI on April 17. As stated in the ACI bylaws, a Fellow is an individual who has made "outstanding contributions to the production or use of concrete materials, products, and structures in the areas of education, research, development, design, construction or management." In addition, a Fellow shall have made significant contributions to ACI through committees and/or local chapters.

#### Fellow

**Joe Hug, The Monarch Cement Company, Humboldt, KS**

Summary from *Concrete International* March 2016 Issue:

"Joe Hug is the Technical Services Manager for The Monarch Cement Company in Humboldt, KS, where he has served for 21 years. He is a member of ACI's Chapter Activities Committee; Certification Programs Committee; Educational Activities Committee; International Project Awards Committee; and ACI Committees C610, Field Technician Certification, and C630, Construction Inspector Certification; and ACI Subcommittee C601-B, Concrete Quality Technical Manager. Hug is a Past President of the Kansas Chapter – ACI and serves as Secretary/Treasurer for the Chapter and Chair of the Kansas Certification Committee. He received the ACI Chapter Activities Award in 2007. He is also a member of ASTM International. Hug received his BSME from Kansas State University, Manhattan, KS, in 1994 and he is a licensed professional engineer in Kansas, Arkansas, and Missouri."

Hug has been an integral part of the Kansas ACI Chapter.

## Fellow

### John Kevern, University of Missouri, Kansas City

John Kevern, Associate Professor and long time concrete friend was also honored with the rank of Fellow. UMKC sits on the state line of Kansas and Missouri. Kevern's concrete work is well known in our market, and he has been keenly involved in the ACI Student Activities and competitions.
