EXAM INSTRUCTIONS FOR PENNY'S CONCRETE

The Kansas Chapter ACI greatly appreciates Penny's Concrete for the use of their facility in Shawnee Mission, KS (23400 W. 82nd Street) for the purposes of conducting ACI Certification programs. Please remember that the exam will be conducted during normal business hours and use caution when entering and leaving the property. Be mindful of equipment traffic at all times and obey posted signs.

Examinees should park in the designated parking area on the south side of the building. Enter through the door marked Main Entrance and follow ACI signs upstairs to second level for written exam. Upon completion of written exam proceed down the stairway located on north side of room and follow signs to the designated testing area, located in the shop on the first floor.

During the COVID-19 pandemic

We ask that you remain in your vehicle until 5 minutes before your designated written exam time. You will receive instructions on-site on how to proceed with your performance exam.
